### Point in Time Count Review

\*Tina - Movement 5280 -

Tuesday Count - over 30 - including Venezuelan families

Incentives were great - added gift - thank you to the county for organizing!

\*Severe Weather Shelter - not a great turnout for numbers - most likely because of warmer weather - suggestion for next year - Partners message to clients that they will be open week before to drive traffic

\*Leslie Navarro Walker - We did the count during the day. It went well but I do not feel we got a great count. The other issue is it would not allow is to count people that had been in a hotel the night before even if they are normally on the street

\*Sienna with HAAT Force - did not shelter - too cost prohibitive

Can we get them Grant funded for this night? Don't want them to be missed!

\*Gina with SAFER - Wants to make sure the justice system is getting a count of those who are unhoused - Vanessa Gates - with City of Centennial - Working with MDHI around this challenge for the count for next year.

Molly Steffen with Arapahoe County Housing Navigators - Share additional feedback with her - they will meet with MDHI - msteffen@arapahoegov.com

### **Other Items Relevant to Network:**

Laura Brayer-Don - Sharing Arapahoe County Public Health flyer that outlines all of our clinical services and is now on our website! Please reach out if you have any questions
